

Class 1

This week.....

Class One enjoyed a lovely morning at the Mare and Foal Sanctuary on Wednesday. Dawn took us around the different areas of the yard and introduced us to the different ponies and horses which they are currently looking after at the sanctuary. We split into three groups and carried out different activities around the yard to help us get to know the different areas and equipment that is used to care for the ponies. At the end of the morning we met the ponies which we are going to get to know better next week. These ponies are Traveller, Fenton and Bonnie. The children voted to get to know Jack more but happily Jack has already been rehomed so he is no longer at the Mare and Foal Sanctuary!

We are all looking forward to helping look after these three ponies this coming Wednesday.

More news.....

P.E. will be on Tuesday afternoon and Wednesday morning this year. Please make sure P.E. kits are always in school ready for this.
