

Class 1

This week.....

Class One enjoyed a second morning at the Mare and Foal Sanctuary carrying out lots of 'hands on' activities with the ponies. The children were involved with filling hay-nets, grooming the ponies and mucking out the stables. Everyone really enjoyed the activities with mucking out being the most popular activity! Dawn was really impressed with how focussed and determined the children were when carrying out all the practical tasks! Well done everyone!

As well as our Charity Learning Experience work the children have all made a great start with counting and place value in Maths. We have been working to show how we know a number is one more or one less than another. We have used number lines and the Numicon equipment to show how we know a number is one more or one less than another. Great work!

Other news.....

Class 4 are holding a raffle to raise money for the Mare and Foal Sanctuary. The raffle will be drawn at our event at the Sanctuary on Friday October 11th. Class 4 wrote letters to local businesses asking for prize donations as part of their learning. Raffle tickets will be available on the playground from this week. Any further prize donations would be gratefully received at the Office.

STAR LEARNER

This week
Poppy
is our Star Learner
for fantastic Maths
working out one
more or less than
different numbers.
Well done!

VALUED MOMENT

Trust
Respect
Friendship
Forgiveness
Responsibility

Well done to **Elsie**
for showing
responsibility for her
own learning by taking
her learning home to
share with her family.
Well done and thank
you Elsie!
